Department of dentistry was established in year 2014 after the establishment of RUHS College of Medical Sciences, Jaipur.

Department of dentistry is developed and flourished in various branches of dentistry. Specialised quality of treatment is offered to the patients seeking dental treatment for various dental diseases coming from Jaipur district and various parts of states and country. Dental department is working hard to encourage medical tourism by providing services in prosthetic dentistry, implant surgical prosthodontics, orthodontic dentistry, periodontics and maxillofacial trauma cases.

Dental department is organizing various dental health and evaluation program for common public and continuing dental education for dental professionals as well as staff.

Department has large, well ventilated OPD room, scrub room, separate chambers for clinical and nursing staff along with filtered drinking water neat and tidy toilets and wash room with sitting arrangement for patients.
